## PROJECTS

### Plex Media:

Plex is the best leading subscription service for watching TV episodes and movies on your phone. This plex mobile application delivers the best experience anywhere, anytime. Get the free app as a part of your plex membership and you can instantly watch thousands of TV episodes & movies on your phone. If you are not a plex member sign up for plex and start enjoying immediately on your phone with our one-month free trial.

### AntiMosquito:

This App Broadcast High frequency cycles per second at a frequency that is somewhere between 16,000Hz and 20,000Hz, that can't be heard by the human ear, and that is really bothering for the mosquitos. This is how the application works to get them out of the room.

### Palestine Forever (Kotlin):

The history of Palestine is the study of the past in the region of Palestine, generally defined as a geographic region in the Southern Levant between the Mediterranean Sea and the Jordan River (where Israel and the Palestinian territories are today), and various adjoining lands.

### who's in space (Kotlin):

Ever wondered who's in space?  
Quickly find out how many astronauts are in space and where they are during their time above Earth. Want to learn more? Simply tap an astronaut's name! who' in space? is now available just by glancing at your watch.

### MET Quiz:

- Attempting all the quizzes will be easy for everyone.
- Access to the quiz for the revision even after the 3 months challenge.
- Easy to manage quizzes and keeping the track of all attempted quizzes.
- Android Resources: Useful resources related to Android based on a search keyword
- replace using paper.

### Insta2Down (react-native):

Insta2Down allows downloading videos and images from INSTAGRAM's links. By copying image's and video's link and pasting into Inst Download which automatically downloads that video/image, then you can save into your device, Repost on INSTAGRAM.

### Dostor:

The Arab republic of Egypt Constitution for Android.  
This includes the new Android Material theme, and can be customized to either Light or Dark. Have all of your guaranteed rights, in the palm of your hand! Features:  
Full Egypt Constitution from 1882 untill present.  
Ability to quickly jump to wikipedia, google search, or the official page for each item  
Support for light and dark themes  
Text selection Make comments and replay just for Premium Support for large screens and unusual screen ratios Additions or corrections readily welcomed.

and many more..... check out my Github!
